

REACH OUT CELEBRATION

HOMIEFRONT

WHAT IS HOMEFRONT?

In order to accomplish the mission of church-planting along the Military Highway, church-planting in the most difficult and dangerous to reach places, and making it hard to go to hell from Fayetteville/Ft. Bragg, we need to invest the largest sum of money we have ever raised to upgrade the “engine room.” Fayetteville/Ft. Bragg is the “sending agent” of leaders, resources and church plants all across the Military Highway. The rate of our sending and giving will be accelerated for many generations by our investment today. We will solidify the future for generations of leaders to come.

LETTER FROM THE MULTIPLY PASTOR

At Manna Church, we believe that God has given us a vision to change the world, and we accomplish this by equipping people to change THEIR world and by planting churches with the same world-changing vision! To date, we have charged hard after the goal of reaching the world with the saving news of Jesus Christ, and we have done it SO WELL that we neglected the homefront a bit. That's what this resource initiative is all about - investing in the homefront, the engine that drives the world-changing mission of Manna Church to equip and to send people to reach our city, the Military Highway, and the uttermost parts of the earth. As you hear and read more about this initiative, I want to challenge you to open your heart to what part God would have YOU take in this project! Would you pray for it? Would you give to it? Can we together commit over the next two years to invest in the engine room to see what more God could do in and through us?

It's such an honor to be a part of the team at Manna Church! You are the BEST church on the planet!

Manna Church Multiply Pastor

LETTER FROM RESOURCE INITIATIVE CHAIRMAN

I grew up in a small Methodist church and was saved at the age of 12. After marrying and having children, our family attended a Baptist church where 150 people would attend. I became a deacon and an elder, and our family was involved in most of the activities. I love the people at those churches and still have great relationships with them. When we started attending Manna Church, there were thousands attending, which was quite different than our past experiences. I wondered why God had us move, but the Holy Spirit reminded me that I've always had a heart to sow into the Kingdom. I've always wanted to sow into the most fertile soil I could find. I truly believe that investing in the vision of Manna Church will reap tremendous rewards - both here on earth and in heaven.

My wife, Zada, and I are so excited about the upcoming ROC Homefront! We have participated in the annual Manna Church ROC offering for many years, and this will be our most significant gift to any one cause in our lives. God has called us all to give generously, and we are praying for you as you consider your contribution. May God bless you as you participate in the advancement of His Kingdom through ROC Homefront.

Resource Initiative Chairman

PERSONAL TESTIMONY

“ I've been calling Manna home since about 1991.

Our parking lot was just woods back then. We had chandeliers and wooden chairs with red fabric, and first-time guests stood up and introduced themselves during service. We had a weird little sheep logo.

We've changed a lot since then, but as we've grown and evolved over the years, we've always stayed true to our mission. We've always been about one thing: We're here to advance the Kingdom of God.

I want to see this mission continue for years and years to come. That's why I'm so excited about ROC Homefront - a chance to invest in a place that changes lives. What a privilege to be here at this time and to play a part in building the future.
